Hello Christian,

Here are some useful links and attachments for your recording studio from our conversation yesterday.

Best,  
David

Hello Christian,

A pleasure to meet you as well.

The company is Trademark Soundproofing in Monsey, NY just on the other side of the Tappan Zee Bridge. They have various MLV density choices, Green Glue, etc.

<http://www.tmsoundproofing.com/>

You mentioned trying to keep your floor build up to a minimum. The following three choices might work in your application:

Hi David. It was great to meet you the other day. I forgot to write down the name of the supply house in NJ that carries the MLV and floor Iso underlayment. Can you send me their name? I'm finalizing the floating floor systems today. Thanks

Christian

It seems that I wrote down the wrong phone number when I was taking your contact info. Please send it to me so I have it in my phone. Sorry! Thanks for your help
